

GET ANSWERS

Agencies must deal with inmate-filed litigation on a regular basis. Litigation defense is time consuming, costly, stressful and requires a high level of skilled expertise, any of which can be frustrating for administrators with limited resources. Recognizing the need for technical assistance in the corrections field, NIJO

offers a variety of services to assist agencies and their legal counsel to successfully mitigate and defend themselves in prisoner filed lawsuits.

"I can't thank you enough for what you did for my office. It will never cease to amaze me how locals know what needs to be done, but it takes someone unknown from out of town to submit a report that spurs action. So, my message to you is to keep spurring action for the sheriffs out there just trying to do the best for their staff and public."

- Anonymous County Sheriff
